

Install SIM Card:

Connected
by AT&T

Follow these simple steps to activate or renew a prepaid DataConnect Pass plan:

Visit www.att.com/buyasession and follow the login prompts.

Select the type of plan you'd like to add (either a New Prepaid Account or a Global (International) Pass) to an existing account.

Enter the IMEI, and ICCID information for your Covert Code Black. The IMEI # can be found on the white label on the Code Black box. If you no longer have this box, the IMEI # can be found on the white sticker on the inside of your camera. The ICCID # is located on the AT&T SIM card holder. Then, give the device a nickname of your own choosing.

Follow the prompts to select your rate plan, enter your personal/billing information and complete your purchase.
